Saturday, 24 October 2009

KELSEYVILLE – Riviera Elementary PTO has worked very hard fund-raising all last year and they have raised enough to re-plant about half the school's field.

The elementary school doesn't have grass, just weeds. On Saturday, Oct. 24, the group with put down more than 18,000 square feet of sod.

PTO volunteers and members from the community and a local church all are volunteering their time to help us lay the sod.

Volunteers are still welcome. Work will begin at 7 a.m. and last throughout the day; volunteers are welcome at any time.

Riviera Elementary is located at 10505 Fairway Drive, Kelseyville.
