UPPER LAKE &ndash; Partnering with Cleavage Creek Winery, The Lodge at Blue Lakes has created the weekend of Nov. 13-15 to redefine girl&rsquo;s night out events.

The &ldquo;Girls Just Wanna Have Fun&rdquo; weekend will be a weekend of fun, fashion, decadent pampering and rock star treatment (see the event's Web page at <http://thelodgeatbluelakes.com/girls.htm> ).

Friday evening will set the tone with a wine and cheese reception on arrival, followed by a beautiful evening of dining and relaxation on the deck overlooking Blue Lakes.

Saturday morning and afternoon will be jam packed with on-site spa services, fashions, wildness and laugh-filled, self-esteem boosting portrait sessions.

The evening activities will include salsa dancing, wine tasting and dinner. The leisurely Sunday morning champagne brunch will round out the weekend. This will be the event you circle in red on your calendar so you will never miss it.

Space is limited so we can provide individual attention to each of our guests. All packages include room, meals and group events. Spa and individual services are available by menu pricing.
