LAKEPORT – Week seven of the Summer Concerts in the Park series continues this afternoon in Lakeport's Library Park.

The Reggae band Rootstock of Ukiah will bring their most unique sound to the multitudes that gather each Friday afternoon.

Warm temperatures and light winds, great music and KNTI's top DJ Eric Patrick welcome and make comfortable the many hundreds who are enjoying the 19th year of the concert series.

The concert begins at 6:30 p.m.
