CLEARLAKE – The Clearlake City Council will hear a presentation on area planning resources and consider several abatement cases at its Thursday meeting.

The meeting will begin at 6 p.m. in the council chambers at Clearlake City Hall, 14050 Olympic Drive.

Terri Persons of the Lake County/City Area Planning Council will give a presentation to the council on the Regional Blueprint Planning Program.

Persons, who gave the same presentation to the Board of Supervisors and Lakeport City Council on Tuesday, said the program is supported by a state grant, and assists cities and counties in planning for the future.

The program takes data about an area and provides a visual decision-making tool that shows how planning decisions will impact an area in the decades to come, Persons told the Lakeport City Council Tuesday evening.

The council meeting will include a public hearing to consider transferring program income funds from the economic development revolving loan funds to the housing rehabilitation revolving loan funds.

Several assessment cases are due to be considered by the council Thursday. Three of the cases involve confirming assessments or administrative penalties. In the fourth case, the council will consider abating Robert Rodriguez's property at 13351 Country Club Drive.

Also going before the council Tuesday is a presentation by Pomo Elementary School's "Perfect Clearlake" Gifted and Talented Education group.
