CLEARLAKE – Habitat for Humanity's 11th home in Lake County got one step closer to completion with a recent donation from Bank of the West for \$1,000 to be used towards building supplies.

Bank of the West is dedicated to improving the quality of life in the communities they serve, so helping give a family a decent place to live through Habitat For Humanity's zero interest mortgage program was a perfect fit.

For more information on how to apply or get involved with Habitat for Humanity, call 994-1100.
