THIS STORY HAS BEEN CORRECTED REGARDING THE NUMBER OF VACANCIES BEING FILLED AT THE THURSDAY MEETING.

CLEARLAKE OAKS – The Clearlake Oaks County Water District's board will consider filling one of its two vacancies when it meets Thursday.

The meeting will take place beginning at 7 p.m. at the district office, 12952 E. Highway 20.

Two director seats, vacated last month by Mike Anisman and Helen Locke, have to be filled. In September, Mike Benjamin was appointed to fill a vacancy that resulted from the resignation of longtime board member Pat Shaver, as Lake County News has reported.

Benjamin, who has since been named the board president, and fellow directors Frank Toney and Harry Chase will consider candidates to fill one of the remaining two seats, according to the agenda. As soon as a new directors is chosen, they will be administered the oath of office.

In other business on the Thursday agenda, county Deputy Redevelopment Director Eric Seely will give a presentation on a proposed mural design for the water treatment plant's clearwell tank.

The board also is scheduled to discuss a report from the Finance Committee, draft minutes from the Sept. 18 meeting, financial reports and a discussion of several customer appeals.

General Manager and Chief Water Plant Operator Darin McCosker will give a report before the board adjourns into closed session to discuss an appeal by an employee.
