NICE – A family is looking for its lost Dachshund.

The dog, named Noah, is a 10-month-old, long-haired Dachshund with dapple markings.

His owners, Chris and Debi Lundy of Nice, report Noah is a new addition to their home, and underwent surgery on Wednesday night. He needs medication and it's urgent that he be reunited with his family.

Noah was last seen Friday morning at his family's apartment on Collier Avenue, and around the Nice area. He has tags and is micro-chipped.

If you have seen Noah or have information about him, please call the Lundy family at 274-1343.
