

CALIFORNIA WATER SERVICE
Quality. Service. Value.

In light of worsening drought conditions, California Water Service (Cal Water) requested to move into **Stage 2** of its Schedule 14.1 (Water Shortage Contingency Plan) in the Redwood Valley District by filing Advice Letter 2426 with the California Public Utilities Commission (CPUC) on October 20, 2021. Stage 2 restrictions include outdoor irrigation limits and increased water waste penalties. If approved, Stage 2 will become effective December 14, 2021.

Cal Water is hosting a virtual public meeting to help customers understand and comply with these new restrictions. The meeting will educate customers on Stage 2 of Cal Water's Schedule 14.1, water-use restrictions, and a range of conservation programs and tools available to assist customers.

DATE: Wednesday, November 10, 2021

TIME: 6 p.m.

LOCATION: <https://calwater.zoom.us/j/96087482453>

Cal Water invites customers in its Redwood Valley District to attend this public meeting to learn more. Customers can direct questions to Cal Water at (707) 274-6624 or infoRV@calwater.com. More information is also available online at www.calwater.com/conservation.

Customers who would like to provide comments on this plan directly to the CPUC can write within 20 days of this notice to: California Public Utilities Commission; Attn: Program Manager, Water and Sewer Advisory Branch; Water Utilities Division, Room 3106; 505 Van Ness Ave., 3rd Floor; San Francisco, CA 94102. Please reference California Water Service Advice Letter No. 2426.
